CAM MULLINS

To the REPUBLICANS, both Women and Men, of Rockcastle County.

I hereby announce my candidacy for the Republican nomination for the office of County Judge, subject to the will of the Republicans of this County, to be expressed at the Republican Primary Election, to be held August 6th, 1921. It has been the custom in this County for the Republicans to indorse its officers for re election; and I am asking you to do for me what you have been doing for others in the past. I seek this nomination at your hands on my record as your County Judge. As your officer I have stood for law and order; and have enforced all laws to the end; that the people of this County may be protected and made secure in their homes.

I have given, during the three years as County Judge, a great deal of time trying to build up and improve the public roads of this County. The roads generally have been improved; much grading has been done; five bridges have been built, and two more will be duilt during the coming summer.

By co operating with the State Road Department and with the help of others, I have been able to secure contracts for the completion of the Dixie Highway from Mt, Vernon to the Laurel County line, including the \$100,000 bridge at Livingston; and have the promise from the Road Department that a contract will be let in the early spring fo complete the Dixie Highway from Mt Vernon to the Madison County line, I also have the assurance from said Department that the road from Mt. Vernon to the Lincoln and Pulaski County lines will be taken over and built in the near future.

I am anxious for this road improvement to go on; and if I am re-elected I promise that it will go on during the next four years. I most respectfully invite the Rebublicans of this County to investigate my official record. I have nothing to fear from a fair and impartial investigation, Your affairs have been honestly managed. Not one cent of the people's money has been squandered. Examine

the books - they are open and ready for inspection. On my record as a citizen and a public officer, your support and influence is kindly solicited at said Primary.

> Yours very since rely. CAM MULLINS.

T. J. NICELEY

To the REPUBLICANS of Rockcastle County:

I am a candidate for the nomination for the office of County Court Clerk, subject to the action of the Republicans at the August Primary, 1921. I wish to thank the Republicans for their support in the past. The party has honored me twice, first by electing me to the office of Sheriff and next to the office of Clerk of the Circuit Court. How well I have performed my official duties will be left for you to judge. I feel from my experience that I am qualified to attend to the duties of this office, and if elected will give to the people the best service I can render. My political record is an open book of which every Republican in this County is familiar. Ever since I have been a voter I have given freely of my time and means to the success of the party giving at least two months each and ever campaign to the organizing and helping to increase the republican majorities in "Old Rockcastle." And with the help of all and since the women have a right of suffrage, we have seen the majority pass the two thousand mark. Trusting that I will have the pleasure of seeing each and every voter in the County between now and the primary, August 6th, 1921. I thank you in advance for your support in this race, I am,

> Sincerely yours, T. J. NICELEY.
